February 2018

We are excited to bring our 2018 Risk Education programs to you.

2017 was a year of conversion to the SVMIC Education Center that brought with it a great deal of change for many of you. We appreciate your patience through that transition and trust that you are now enjoying the enhanced features and broader course offering provided by the new platform. As promised, we will continue to expand our portfolio of courses offered through the SVMIC Education Center.

2018 brings with it the opportunity to share with you two brand new live seminars. I believe you will find the content in each of them to be extremely apropos to the environment in which you are practicing today.

Seminar 1: As the nation faces a growing opioid crisis, we are increasing our resources to respond. Presented by a well respected industry veteran, Responding to the Opioid Crisis: Law, Policy, Practice, will examine evolving prescribing laws, regulations and guidelines. As an added benefit, this course will also provide 2 Maintenance of Certification (MOC) points for ABIM, ABA and APA.

Seminar 2: It is almost certain that physicians and providers will be involved in a lawsuit at some point in their careers. Our program, A Jury's Perspective: The Good, The Bad, The Ugly, will explore good and bad practice behaviors of the entire healthcare team through the lens of a jury. Experienced trial attorneys in your state will discuss actual malpractice trials with a focus on jury science.

We are proud to remain a mutual company whose mission is to protect, support and advocate for our physician policyholders. Our goal is to allow you to focus on what you do best – provide quality healthcare to your patients.

Respectfully,

John H. Mize, FCAS, MAAA
President & Chief Executive Officer
State Volunteer Mutual Insurance Company

Live Seminar CME

- Responding to the Opioid Crisis: Law, Policy, Practice
- A Jury's Perspective: The Good, The Bad, The Ugly

Accreditation

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint providership of the University of Tennessee College of Medicine (UTCOCM) and SVMIC. The UTCOCM is accredited by the ACCME to provide continuing medical education for physicians.

AMA Credit Designation

The UTCOCM designates this live activity for a maximum of 2.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AOA

The American Osteopathic Association has approved this program for two (2) credit hours in Category 2-B of the Continuing Medical Education Program. Physicians will need to submit a letter of completion from the University of Tennessee directly to the AOA to receive CME credits.

AAFP

This Live activity, Responding to the Opioid Crisis: Law, Policy, Practice, from 03/28/2018 - 11/30/2018, has been reviewed and is acceptable for up to 2.00 Prescribed credit(s) by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This Live activity, A Jury's Perspective: The Good, The Bad, The Ugly, from 03/22/2018 - 11/30/2018, has been reviewed and is acceptable for up to 2.00 Prescribed credit(s) by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Continuing Education for Non-Physicians

Non-physicians can obtain continuing education credits for attending activities that award AMA PRA Category 1 Credits™ to physicians. Check with your licensure/certification board for confirmation. A Certificate of Attendance will be sent to all non-physicians.

Maintenance of Certification (MOC) Points

ABA MOC Points: This activity contributes to the patient safety CME requirement for Part II: Lifelong Learning and Self-Assessment of the American Board of Anesthesiology's (ABA) redesigned Maintenance of Certification in Anesthesiology Program® (MOCA®), known as MOCA 2.0®. Please consult the ABA website, www.theABA.org, for a list of all MOCA 2.0 requirements.

Maintenance of Certification in Anesthesiology Program® and MOCA® are registered certification marks of the American Board of Anesthesiology®. MOCA 2.0® is a trademark of the American Board of Anesthesiology®.

AND IF IT IS AN ABA MOC PATIENT SAFETY ACTIVITY, INCLUDE THIS SENTENCE BETWEEN THE FIRST 2 SENTENCES IN THE ABOVE STATEMENT:

This activity contributes to the patient safety CME requirement for Part II: Lifelong Learning and Self-Assessment of the American Board of Anesthesiology's (ABA) redesigned Maintenance of Certification in Anesthesiology Program® (MOCA®), known as MOCA 2.0®.

Responding to the Opioid Crisis: Law, Policy, Practice

New for 2018!
This course will also provide 2 Maintenance of Certification (MOC) points for ABIM, ABA, and APA.

Description

The current opioid pandemic is America's worst drug crisis in its history and has been declared a public health emergency. Federal and state leaders are combining efforts to combat the crisis through education, policy and increased treatment availability. This seminar will educate prescribers on the weaknesses in current responses and discuss enhancements to existing tools, emerging interventions and proposed condition-specific guidelines for treating pain.

Objectives

- Identify new responses, enhancements to tools and emerging interventions in treating pain.
- List prescriber requirements from the 2016 Prescription Safety Act and other recent legislation.
- Define the roles of each in a team-based care model (supervising physician, nurse practitioner, physician assistant and others).
- Demonstrate effective use of PDMP/CSMD, current policies and treatment guidelines.

Who Should Attend

Physicians

- Registration Fee \$75
- Earn 10% Premium Credit
- Earn 2 CME Credits

Non-Physicians

- Registration Fee \$25 (non-refundable)
- NO 10% Premium Credit
- Certificate of Attendance

“Responding to the Opioid Crisis: Law, Policy, Practice” meets the Tennessee Board of Medical Examiners requirement for 2 hours in controlled substance prescribing for 2019 or 2020 licensure renewals.

Speaker Walter Fitzgerald, Jr., BPharm, MS, JD

Walter L. Fitzgerald, Jr. holds a B.S. in pharmacy from Mercer University School of Pharmacy, an M.S. in pharmacy administration from the University of Tennessee College of Graduate Health Sciences and a J.D. from the University of Memphis School of Law. Dr. Fitzgerald is a licensed pharmacist and attorney in Tennessee.

Dr. Fitzgerald serves as Professor and Dean at the South College School of Pharmacy in Knoxville, Tennessee. Prior to joining South College, he served for 25 years as a faculty member of the University of Tennessee Health Science Center in Memphis, Tennessee.

The focus of Dr. Fitzgerald’s teaching, research and publishing is healthcare ethics and law. In addition to several articles, Dr. Fitzgerald is the author of the Pharmacist’s Guide to the Pharmacy and Drug

Law of Tennessee and the HIPAA Compliance Handbook for Community Pharmacy published by the National Community Pharmacists Association (NCPA). He also is co-author of NCPA’s HIPAA Security Handbook for Community Pharmacy.

Dr. Fitzgerald’s honors include Tennessee Pharmacist of the Year, appointment to the University of Tennessee Health Science Center Academy of Distinguished Teaching Professors and receiving the University of Tennessee National Alumni Association Public Service Award. In June 2009, he was named the inaugural recipient of the South College Distinguished Service Award.

A Jury's Perspective: The Good, The Bad, The Ugly

Description

It is almost certain that physicians and providers will be involved in a lawsuit at some point in their careers, which may tempt some to practice defensive medicine. As an alternative, this program offers protective practices derived from jury feedback. Experienced trial attorneys in your state will discuss actual malpractice trials with a focus on jury science. Good and bad practices and behaviors of the entire team will be explored.

Objectives

- Identify juror expectations regarding practitioners' practices and behaviors.
- Describe strategies to improve physician-patient relationships after an adverse outcome.
- Develop protective practices to reduce risk.
- Recognize how applying jury science can correlate to better patient care.

Who Should Attend

Physicians

- Registration Fee \$75
- Earn 10% Premium Credit
- Earn 2 CME Credits

Non-Physicians

- Registration Fee \$25 (non-refundable)
- NO 10% Premium Credit
- Certificate of Attendance

Speakers

Wendy L. Longmire, JD

Tennessee & Alabama locations

Ms. Longmire is a partner in the firm of Ortale, Kelley, Herbert & Crawford. Ms. Longmire is an experienced litigator in jury and nonjury matters. In 2000, she became board certified in Civil Trial Advocacy by the National Board of Trial Advocacy, an American Bar Association accredited organization. She handles lawsuits involving medical malpractice, other professional negligence, premises liability, contract disputes, products liability and employment litigation. Ms. Longmire routinely presents seminars regarding litigation, including medical malpractice and personal injury, to various corporate clients. As a member of the Nashville, Tennessee and American Bar Associations, as well as the Tennessee Defense Lawyers Association, the American Trial Lawyers Association and the Lawyers Association for Women, Ms. Longmire stays active in the legal community. She is the immediate past president for Tennessee Lawyers Association for Women.

Paul D. McNeill, JD

Arkansas locations

Mr. McNeill is a partner in the firm of Reece, Moore, McNeill & Pendergraft, LLP in Jonesboro, Arkansas. He obtained his undergraduate and law degrees from the University of Arkansas in Fayetteville. He graduated from the Leflar Law Center in 1979 Magna Cum Laude. Mr. McNeill has tried more than 225 cases to verdict. He handles cases involving medical malpractice, products liability, wrongful death and personal injury. For many years, he has continuously been named in the litigation sections of The Best Lawyers in Arkansas, The Best Lawyers in America and Mid-South Super Lawyers. He is a member of the Craighead County, Arkansas and American Bar Associations. In addition, he is a member of the American College of Trial Advocates and the American College of Trial Lawyers.

Clayton L. Robinson, JD

Kentucky locations

Since 1988, Mr. Robinson's practice has focused on medical malpractice defense. With 85 medical malpractice jury trials, Mr. Robinson has won 78 of those trials. A frequent speaker, both to medical and legal associations, Mr. Robinson has co-authored a text on medical-legal issues: [The Risk Management Handbook for Health Care Professionals](#), Parthenon Publishing Group (2002). Mr. Robinson is A-V Rated by Martindale-Hubbell. He has been selected for inclusion in the 2010-2016 editions of The Best Lawyers in America as well as the 2011-2017 editions of Kentucky's Best Lawyers. Clay Robinson was named one of Kentucky's top attorneys in 2011-2016 editions of Super Lawyers magazine. In July 2013, Mr. Robinson was named Attorney of the Month by Attorney at Law Magazine.

Important Information

SVMIC Premium Credit

Completion of one of the following SVMIC Risk Management Programs will qualify a physician policyholder for a 10% premium credit:

- Live Seminar: Responding to the Opioid Crisis: Law, Policy, Practice
- Live Seminar: A Jury's Perspective: The Good, The Bad, The Ugly
- Self-Study Course (Online Only): Lessons Learned from Malpractice Claims
- Self-Study Course (Online Only): Practicing on the Grid
- Self-Study Course (Online or Booklet): Risk Reduction in the Medical Office
- Self-Study Course (Online or Booklet): Working Effectively with Advanced Practice Providers
- Obstetrical Emergency Simulation Training Course

Disclaimer

Policyholders who attended a live seminar on either topic listed above in 2017 are not eligible to receive premium credit for the online version of that same course.

Live Seminar 20-Minute Rule

Physicians arriving more than 20 minutes after the start of the program will not receive a 10% premium credit. Other premium credit options are available.

Banking a Premium Credit

Any premium credit earned will be applied to your policy period in effect at the time of completion of your seminar or self-study course. Please note that policy periods vary by physician and may not be on a calendar year cycle. If a credit has been applied to the current policy period, a physician may "bank" one seminar credit to be applied to the following renewal. Only one 10% premium credit may be applied per policy period. For more information, please contact the SVMIC Underwriting Department at 800.342.2239.

Seminar Registration

To register for a seminar, visit www.svmic.com and register on the website or download a registration form to fill out and send back.

Online courses **must** be purchased through each participant's online account at www.svmic.com.

CHATTANOOGA

Accreditation: This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint providership of the University of Tennessee College of Medicine (UTCOM) and SVMIC. The UTCOM is accredited by the ACCME to provide continuing medical education for physicians.

AMA Credit Designation: The University of Tennessee College of Medicine (UTCOM) designates this enduring material for a maximum of 2 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Continuing Education for Non-Physicians: The UTCOM will issue Certificates of Attendance to non-physicians for attending this activity and designates it for a maximum of .2 CEUs using the national standard that 1 hour of educational instruction is awarded .1 CEU.

This activity was released on January 1, 2018 and will expire on December 31, 2020.

Option 1

Online #: Course 9043

Lessons Learned from Malpractice Claims

Presented by F. Laurens Brock, JD

Description

Advances in technology, increasing numbers of advanced practice providers and evolving reimbursement models continue to change healthcare delivery and consequently, risks. This program examines actual cases and will focus on top risks from the perspective of a medical malpractice trial lawyer including patient interaction, informed consent, vicarious liability and supervision. We will identify solutions to successfully manage them in today's environment.

Using an interactive format, the presenter will review several malpractice lawsuits, analyze the "lessons learned" and discuss the current evidence supporting best practices. Physicians, clinicians and staff will all find valuable takeaways in this presentation.

Course Objectives

1. Identify the most common defense challenges in malpractice claims.
 2. Describe strategies to increase defensibility in the event of a claim.
 3. Develop best practices to avoid scope of practice and vicarious liability claims.
 4. Develop risk reduction tools.
-

Option 2

Online #: Course 9044

Practicing on the Grid

Presented by Justin Joy, JD and Jeff Woods, JD

Description

The purpose of this seminar is to discuss the legalities and risks associated with the use of telemedicine, electronic health records (EHR) and patient portals, as well as, provide an overview of current cyber liability issues in the medical profession.

Course Objectives

1. Recognize and identify the limitations and risks of telemedicine.
2. Develop safeguards and protocols to protect against/report cyber attacks.
3. Identify and explain the risks associated with misuse of EHR and patient portals that affect patient safety.
4. Recognize how EHR errors can decrease defensibility of a malpractice claim.

Risk Reduction in the Medical Office

Description

National and internal data suggest that non-clinical factors contribute to many malpractice lawsuits. This course is designed to assist the physician and advanced practice provider in identifying and reducing these factors using tools, effective communication and best practices.

Course Objectives

1. Recognize the most common risk issues in a medical practice.
 2. Develop effective office systems.
 3. Improve medical record documentation.
 4. Identify key preventable medication error reduction strategies.
-

Option 2

Book #: Course 9038
Online #: Course 9039

Working Effectively with Advanced Practice Providers

Description

This course is designed to inform the physician and advanced practice provider (APP) of many important legal and practical considerations before entering into a supervisory or collaborative relationship. Included in this course is a review of case examples, requirements and responsibilities for the supervision of and/or collaboration with APPs, state laws, regulations, professional practice acts, and standard of care considerations.

Course Objectives

1. Identify the developmental histories and demographic patterns relating to the utilization of nurse practitioners and physician assistants.
2. Recognize risk issues related to the use of, and collaboration with, advanced practice providers.
3. Develop protocols and best practices for supervision of, and/or collaboration with advanced practice providers.
4. Apply rules and regulations for the supervising/collaborating physician.

Boot Camp Courses

Course Information

- Registration Fee \$550
- **NO** 10% Premium Credit
- No CME available
- ACMPE credit hours can be requested

These programs are offered on a first-come, first-served basis by the Medical Practice Services department at SVMIC.

Fee: \$75

Registration

Please register online at www.svmic.com or call 615.846.8399.

Please call the Embassy Suites Nashville South Cool Springs at 615.515.5151 and identify that you are with SVMIC Boot Camp for discounted hotel reservations.

- Boot Camp I: Call by April 16, 2018
- Boot Camp II: Call by October 15, 2018

Faculty

The faculty for the course consists of SVMIC Medical Practice Consultants with extensive expertise in their subject matter.

ACMPE Information

The American College of Medical Practice Executives (ACMPE) credit hours may be requested for this program. One credit hour per each hour of participation may be claimed.

Bootcamp Level I	May 9-11, 2018	Embassy Suites 820 Crescent Centre Drive Franklin, Tennessee
Bootcamp Level II	November 7-9, 2018	

Bootcamp: Level I

Description

Boot Camp I presents an overview of medical practice management. This program focuses on the fundamentals of practice operations, financial management, human resources, risk and compliance management, organizational governance and patient centered care. It is appropriate for those new to a supervisory or leadership role in a medical practice as well as those with previous management experience outside healthcare. Experienced practice executives may also benefit from industry updates included in the program sessions.

- Billing & Collections
 - Financial Controls & Reporting
 - Risk Management
 - Communication Skills
-

Bootcamp: Level II

Description

Boot Camp II is an intermediate program with a more in-depth analysis of the responsibilities of medical practice management. Using the ACMPE Body of Knowledge as a foundation, this program focuses on the details of practice operations, human resources, compliance and organizational governance. This program will broaden and strengthen the knowledge of medical practice executives in an ever-evolving healthcare environment. Attendees with prior medical practice supervisory experience as well as seasoned managers will benefit from these timely topics and updates.

- Healthcare Reform
- Human Resources
- Compliance
- Strategic Planning

Obstetrical Emergency Simulation Training

Sponsored by Saint Thomas Midtown Hospital and Saint Thomas Health Office of Continuing Medical Education.
Offered at Saint Thomas Midtown Hospital in Nashville, Tennessee.

Description

This course will address common obstetric emergencies that a provider might encounter. Evidence based recommendations for management of these emergencies will be reviewed, and participants will have an opportunity to practice appropriate management techniques in a simulated setting using high fidelity mannequins. Providers will also have an opportunity to participate in simulated drills and practice teamwork skills during simulated emergencies. At the end of the course, participants will have an opportunity to debrief with the moderator and simulation team to review the skills assessment and experience.

Education Center & Registration

This easy-to-use self-service education platform offers a variety of courses, provides the ability to download CME certificates, and allows you to easily manage education materials in one location!

**Click here to
register
for a seminar**

An eAccess account allows you to register for and participate in courses, view online content, and view or print your certificates in our Education Center.

How to Create Your Online eAccess Account

Information you need to get started:

Physicians

- Your six-digit SVMIC account number*
- Your valid email address (can be personal or work email depending on your practice policies)**

Advanced Practice Providers and Staff

- Your SVMIC group number*
- Your valid email address (can be personal or work email depending on your practice policies)**

*†Located on your invoice, Declaration Page, or Certificate of Insurance

**Each email address may only be used for one individual

Then follow these 6 easy steps:

1. Go to www.svmic.com
2. Click “Sign In” (upper right hand corner) and choose “Don’t have an account?”
3. Select the Account Type you wish to create
4. Provide the required information
5. Click “Submit”
6. Your eAccess information will be emailed to the address you provided

How to Download Your Certificates

1. Log in to your account on www.svmic.com
2. Click the “My Education Center”
3. Click “My Activities”
4. See list of your completed educational courses*
5. Click “Download” in the “Certificate” column to download and print the corresponding certificate

Important:

- You must have an eAccess login created prior to completing a course or attending a seminar for your certificate to be available online.
- Certificates for online courses will be available immediately upon completion
- Allow up to 30 days from the date of a live or booklet course for your certificate to be available

*Only certificates from 2017 forward will be in your “Completed Activities”
